

What you'll need:

- One piece of printer paper
- Pencil
- Scissors
- Bonus! Washable markers

Step 1: Cut a piece of printer paper in half lengthwise, so it is a 4 1/4" by 11" strip.

Step 2: Now, fold the paper accordion-style into 8 sections (following the gray lines).

Step 3: With the open edge of the folded paper to the right, draw half a person (use the template below!) along the folded edge with arms extending to the open edge.

Step 4: Cut out the person by holding the folded strip firmly and cut carefully around the outline. Do not cut along the folds.

Step 5: Unfold the paper to see your chain of people!

Here's the template for drawing your person!

Bonus:

Use colorful markers to add faces and clothes!

Parents:

Take a picture of your kids and their people, post and tag @empower_one
